

Code-Layout, Readability and Reusability

Date	2-10-2026
Team ID	SWTID-2026-1309
Project Name	Pocket Smart AI
Maximum Marks	5 Marks

Code-Layout, Readability and Reusability:

This document evaluates the quality of the codebase in terms of its structure, readability, and reusability. Well-organized code with proper naming conventions, comments, and modular design ensures that the project is maintainable and can be extended or reused in future development.

Code Layout Checklist:

S.No	Code Quality Parameter	Description	Followed (Yes / No / Partial)	Remarks
1	Consistent Indentation	Uniform spacing/tabs used throughout the code	Yes	Applied consistently across files.
2	Proper File Structure	Files and folders are logically organized	Yes	Modules grouped by clear responsibilities.
3	Meaningful Variable Names	Variables reflect their purpose clearly	Yes	Clear and descriptive names are used.
4	Function / Method Names	Functions are descriptively named	Yes	Names describe the action or purpose.
5	Code Comments	Inline and block comments explain logic	Yes	Comments added for important logic.
6	Modular Design	Code is split into reusable functions/modules	Yes	Reusable modules separate core features.
7	No Redundant Code	Duplicate or unused code is removed	Yes	Common logic is reused where possible.
8	Error Handling	Exceptions and errors are handled gracefully	Yes	Validation and safe error handling are used.

Reusable Components / Modules:

S.No	Component / Module Name	Language / Technology	Where Reused	Reusability Level (High / Medium / Low)
1	Authentication Module	JavaScript / API	Login & user access	High

2	Expense Tracking Module	JavaScript	Expense entry & tracking	High
3	AI Insight Module	Python / AI	Spending analysis & insights	High
4	Budget Module	JavaScript	Budget planning & alerts	Medium
5	Report Module	JavaScript / Charts	Summary reports & dashboards	Medium

Overall Code Quality Assessment:

Aspect	Rating (1-5)	Comments
Code Layout & Structure	5	Clear structure with separated modules.
Readability	5	Consistent names and simple code flow.
Reusability	4	Core features are organized for reuse.
Documentation / Comments	4	Important logic is documented.
Overall Score	4.5	Good maintainability and reuse readiness.
